Donations...

Left: These pics were part of "Booby Ball" 2006.

A Fundraiser to raise breast cancer awareness.

The team of Canadian Breast Cancer fundraisers auctioned off this "booby" inspired piece and the proceeds went to Breast Cancer Research.

Donating paintings in this sense is a part of being able to help our world...

So I am donating another one in February...

This time the charity art show will take place at the Bohemian Embassy Presentation Centre to raise money for CAMH. The event is located at: 1171 Queen St. West and will take place on February 15th, 2007 from 6:30pm-9:30pm and will run until February 18th.

Please support our community and come and have a look :)
